

MODULAR BOX PALLET

CARGO SHIPMENT

STANDARD

PREMIUM

DURATION

Up to 120h

PAYLOAD

732 L, 864 L, 1033 L

TEMPERATURE RANGE

Cool +2°C/+8°C Temperate +15°C/+25°C

Key benefits

- A **modular and performant** shipping solution that guarantees precise temperature control across the entire supply chain with 3, 4, 5, or 6 cooling faces
- Fully certified under AWB 2°C-8°C and AWB 15°C-25°C transportation
- Lightweight and robust: can be assembled or disassembled in under 5 minutes
- Fast and simple preparation with phase change material (PCM) or watergel briquette sleeves
- **Space- and cost-efficient**: flat-pack design minimizes storage and transportation expenses
- Reusable box pallet, collected and managed through the EMBALL'ISO Reuse and Reverse Network
- **Eco-friendly**: the lightweight design helps lower CO₂ emissions and minimize environmental impact
- User-friendly and consistent design for easy handling

EMBALLISO. COM

Validated range

- Validated for exterior temperatures of between -20°C and 60°C
- Qualified by our design according to demanding profiles reproducing real transport conditions
- Extensive qualification data available upon request

Services

- Free global collection: enjoy hassle-free returns through our Reuse & Reverse Global Network—at no extra cost
- Zero Waste Management: no disposal required. We take care of everything
- Ready-to-Use Packaging: receive pre-conditioned insulated packaging at your desired temperature, exactly when you need it
- Training that fits your needs: choose between onsite or online sessions to empower your team
- Clear preparation instructions: step-by-step guides make packing fast and foolproof
- **Tailored packaging studies**: we analyze and optimize your shipments for maximum efficiency and reliability

Who we are?

- EMBALL'ISO is a global leader in high-performance passive isothermal packaging for pharmaceutical transport, pioneering sustainability through Reuse and Reverse logistics for a circular cold chain.
- Clients benefit from our in-house laboratory expertise and advanced technologies, including Albased modeling for thermal performance, environmental stress testing, predictive analytics for risk mitigation, and real-time tracking to ensure shipment integrity throughout the supply chain.
- With 12 production sites on four continents and collection points in 80+ countries, EMBALL'ISO delivers fast, compliant, and sustainable cold chain solutions through a global network that enables the recovery and reuse of isothermal packaging.
