Validated range

- Validated for exterior temperatures of between -20°C and 60°C
- Qualified by our design office on the basis of exacting profiles that reproduce real-world transport conditions
- Extensive qualification data available upon request

Services

- Packaging study to optimize your fulfillment using 3D software
- Detailed packaging instructions
- Formulation of procedures/SOPs
- Process qualification
- Customization of your products
- On-site or online training

About EMBALL'ISO

A world leader in the design and manufacture of high-performance temperature-controlled packaging systems for the transport of pharmaceutical products, EMBALL'ISO is now an expert in turnkey Reverse Logistics and Rental solutions.

EMBALL'ISO's worldwide presence across 4 continents, with 9 production sites (Brazil, China, France, Germany, India, Mexico, Singapore, UK and the US) and collection points in more than 80 countries helps you reuse isothermal packaging saving you time and money while complying with your sustainability initiatives.
